PROFILE

Working with an expertise in the field of teaching, software development, Deep Learning and Machine Learning. The biggest strength is that I can effectively push myself to achieve my goals.

SKILLS

Programming Language

Java, Kotlin, Python, Dart, C, C++,
HTML, CSS

Framework

Django, Flask, Django Rest
Framework, Reactjs, Nodejs,
Bootstrap, tailwind

Tools

Git, Github

Problem solving

Level: Good

URI: Musfiqur Rahman

UVA: musfiqur99

Codeforces : MusfiqurRahman

WORK EXPERIENCE

LECTURER

Daffodil International Professional Training Institute

June 2022 - Present

- Teaching about java, python and android.
- Java(OOP, JSP, Spring Boot)
- Python(OOP, Django)
- MS Office(optional)

RESEARCHER

DIU NLP & ML Lab

June 2021 - Present

- Works on Machine Learning and Deep Learning
- Published research paper

SOFTWARE ENGINEER

Data Transformers Inc(Remote)

Dec 2021 - June 2022

- Works on NPL project with NLP Team
- Working with python, MySQL, PostgreSQL, flask, Django, Django Rest Framework

DOCUMENT PROCESSING ENGINEER

Apurba-DIU R&D Lab

May 2021 - July 2021

- works on government project (OCR based) Works closely with the research team.

EDUCATION HISTORY

BSc in

Jan 2018 - Jan 2022

Computer Science And Engineering

Daffodil International University

-Graduated in Computer Science and Engineering with
CGPA 3.83

-Senior Executive member of Computer Programming Club

-Contestant at DIU Take-Off Programming Contest(2
times) and ICPC Preliminary Dhaka Region(2 times) -

Contestant at Android Hackathon(DIU Android Bootcamp)

-Organized DIU Take-Off Programming Contest(3 times)
and DIU Intra University Contest(ones)

-Volunteered on BdOI program.

HSC

July 2015 - Apr 2017

Adhyapak Abdul Mazid College

- Passed with GPA-4.00 from Cumilla board

- Attend on Chemistry Olympiad and some science project

LANGUAGE

English
Bangla

CO-CURRICULAR ACTIVITIES

-Senior Executive member of
Computer Programming Club

-Contestant at DIU Take-Off
Programming Contest(2 times)
and ICPC Preliminary Dhaka
Region(2 times)

-Contestant at Android
Hackathon(DIU Android
Bootcamp)

-Organized DIU Take-Off
Programming Contest(3 times)
and DIU Intra University
Contest(ones)

-Volunteered on BdOI program

-School Drawing Contest

- Scout and Biddhod Camp

COURSES

- Natural Language
Processing with
Classification and
Vector Spaces
Certificate: Coursera
- Programming for
Everybody (Getting
Started with Python)
Certificate: Coursera

OTHERS

Good logic development and
problem-solving skill. Good
communication skill to identify
problem. Good Team working
skill. Good Time and project
management skill.

Automated Essay Grading Website

Using Django, DjangoRestFramework,
Mysql, PostgreSQL

- Here we make a site that can grade an essay
- Project live Link : [Essay Grading](#)
- More projects: [@github](#)

Profane Word Checking Website

Using Django, DjangoRestFramework,
Mysql, PostgreSQL

- Here we make a site that can understand the
profane word
- Project live Link : [Profane Word Checking](#)
- More projects: [@github](#)

Covid Tracker App

Using Java, Api

- We can track covid situation over
individually
- Project Link : [Covid Tacker](#)
- More Android basic projects: [@github](#)

Organic Food Selling Website

Using HTML, CSS, Bootstrap, JavaScript, PHP

- Fully Dynamic Website
- Excellent UI Design
- We can buy organic foods by this
website User and admin parts are
individual
- Project Link: [Organic Food](#)
More Web projects: [@github](#)

RESEARCH

Associative datamining Survey on Modern Era People's engagement of Gaming addiction

- Research about gamers behaviors
- Paper Link: [Paper](#)

Bengali Functional Sentence Classification through Machine Learning Approach

- Research about Bengali Functional Sentence
Classification
- Paper Link: [Paper](#)
